"Organized Effort on Behalf of Our City"

"The conception of Chamber activities is embodied in one of the adopted slogans—'Organized Effort on Behalf of Our City'—and the Chamber is a success only to the degree that this effort is extended and service rendered impartially, fearlessly, and unselfishly for the benefit of the community. The Chamber has made great strides in further developing the comprehensive character of the organization, which today is more generally recognized as an organized body through which all citizens may work for the advancement of the civic and commercial welfare of the city. It is non-political and non-sectarian. It voices the opinion of a membership composed of all shades of thought and of all lines of commercial and professional activity. It is the voluntary, collective contribution of public-spirited men and women to the common good."

PARCEL POST MAP.

The difference between

Reference and

Creative media

is their direction

The seller's efforts to stimulate demand is well carried by outgoing, extensive, display media, but---

he should remember that initiative rests with the buyer, and when the hunt for the goods begins, creative media which may have built up the demand, are at a disadvantage.

It is the difference between coming and going.

The creative advertising is going after the prospect, to make him want to buy, but when you have him coming, reference media should be used to connect the demand with the local supply. Every effort should be made to direct the demand to the goods advertised, at the point where they may be seen.

It is here that reference media, directories, find their logical place in the cycle of the sale.

It's Practical Uses

To give permanence to paid-for publicity.

To detail more fully the products and service of industrial, commercial, financial and professional activities.

To form a quality background by the better use of type and paper.

To create a department of those in each community whose stability has built the foundation upon which progress has been attained. (The length of this advertising service automatically eliminates investments for space by those who question their ability to continue business activity.)

To safeguard the buyer by eliminating statements that mislead, or do not conform to business integrity.

DRESS UP

your business. Put your name in bold face type under every heading that describes your product.

IT PAYS

A Bank of Personal Contacts

Each day 4,400 persons use this bank

Saves often the correct measure of a bank, but more important still, is its *public usefulness*

A bank's usefulness is shown by the number

—of the people whose lives it touches

—of the industries and building activities which it finances

—of the homes it safeguards by its investment trust counsel

This Bank has over 60,000 customers. An accurate count of the number of people entering its doors daily shows an average of 4,400 persons

These people are individual customers of one or more of our

varied departments. They are estate beneficiaries whose affairs we handle in trust. They are officers of corporations whose employees are kept in work by reason of the financing made possible by this Bank

It is the policy of this Bank to have a personal contact with each of its customers and prospective customers

We desire every resident of this territory to be acquainted, personally, with some member of our staff. We invite you to make yourself known to us, no matter what the size of your account, and to place a copy of your statement in our files.

The Mutual Benefit Life Insurance Company

of Newark, New Jersey

JOHN R. HARDIN, President

The New Home of the Mutual Benefit, at the Corner of Belleville and Second Avenues, Which Will be Completed in 1927

**Institutions and Individuals are Known by the
Character of their Service**

THE Mutual Benefit Life Insurance Company, Newark, N. J., has enjoyed an unusual reputation as a purely mutual institution. Since its organization in 1845 it has been dominated by the one thought of service to policyholders. Its beginnings were small, but the foundations were firmly laid. The Company has grown steadily from year to

year until it is one of the largest in the country. It is not by accident that the Mutual Benefit has grown so consistently for over three-quarters of a century, but rather because of its strict adherence to the true spirit of mutual insurance and ideas of service which have made it unique among the companies of the world.

Achieved Leadership!

In four important Advertising Classifications, the

Newark Evening News

Ranked First in the United States

There are 1,500 or more Six-days-a-week-newspapers published in the United States.

In volume of Advertising published during 1925, the NEWARK EVENING NEWS outranked all these and achieved a record for leadership.

Verified figures show that, during 1925, the NEWARK EVENING NEWS, stood

First in Classified Advertising

First in Automobile Advertising

First in Food Advertising

First in National Advertising

Such unquestioned leadership, truly indicates the standing of the Newark Evening News in its own territory and the high regard in which it is held by advertisers who seek to focus the attention of its readers to their offerings.

New Jersey Freie Zeitung

The only German Daily paper in the State

Published Every Morning

(Established 1858)

DAILY AND SUNDAY for Sixty eight years the "Freie Zeitung" has been an ever welcome morning visitor in the homes of the thousands of German-Americans throughout this city, county and state

As a first-class family newspaper, with a capable staff, and the Associated Press telegraph and cable service, it has a powerful influence, its editorials and news matter being widely quoted and copied by other newspapers

As an advertising medium, the high quality of its home circulation, and the fact of its having an exclusive field produces excellent results for stores, real estate agents, banks, and every good, honest proposition, as its perpetually well filled advertising columns plainly testify.

Newark is a German-American city, and any advertiser who attempts to cover it without using the German-American newspaper deliberately cuts himself off from the business of a very large proportion of the population

224 MARKET STREET

NEWARK, N. J.

? ? ? ? ? By Van

"Who is the mayor of this town?
 "Who founded it, and when?
 "What is it given its most renown?
 "Who are its Councilmen?
 "How has the population grown?
 "And will you tell me, please,
 "Some of the facts that are best known
 "About its industries?
 "Where shall I find the City Hall?
 "And those who office hold?
 "Please name the nearest market stall
 "Where asparagus is sold.
 "Does Market Street run east or north?
 "Where is the City Jail?
 "And where does Uncle Sam hold forth
 "As guardian of the mail?
 "Where are the magazines and courts?
 "Where do the hedges meet?
 "Who keeps a file of stock reports?
 "Where's Komatzo Street?
 "Know of a man whose name is Birch,
 "Who paints and pasters walls?
 "Who preaches in the Baptist Church?
 "Who sells good oranges?
 "Where can I get an oyster stew,
 "Where buy imported rug?
 "Who recognizes the carpets? Who
 "Emulates the bugs?
 "Who car will take me to the zoo
 "And public library?
 "How can I find my friend, Carew,
 "I've trusted him to see?
 "Now, if you'll kindly put me wise,
 "And think me not a bore,
 "I shall esteem it very able—
 "And ask you something more."

"Now Mateo, friend, you'll ask to more
 "Of me, a third cop.
 "I'm busy and my semaphore
 "Is set you see, at STOP!
 "To find the folks you want to meet,
 "And every place and street,
 "Please look in the DIRECTORY—
 "You'll find it there, complete,
 "That book's compiled with greatest care
 "For those who want to know—
 "You'll find one in the drug store, there;
 "Now where I signal, GO."

The Mortality of Advertising

THE waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.

The Mortality of Advertising

THE waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.

NEWARK STREET DIRECTORY

Giving the name of each street and avenue, and showing what other streets or avenues run from or across it, with the number at which they intersect
 "(1-A)" indicates marginal index for locating street on map.

The Price & Lee Company

By Van

"Who is the mayor of this town?
 "Who founded it, and when?
 "What is it given it most renown?
 "Who are its Councilmen?
 "How has the population grown?
 "And will you tell me, please,
 "Some of the facts that are best known
 "About its industries?
 "Where shall I find the City Hall
 "And those who office hold?
 "Please name the market stall
 "Where hawkeens is sold
 "Does Barker Street run east or north?
 "Where is the City Jail?
 "And where does Uncle Sam hold forth
 "As guardian of the mails?
 "Where are the magazines and courts?
 "When do the judges meet?
 "Who keeps a file of block reports?
 "Where's Kowalske Street?
 "Know of a man whose name is Burch,
 "Who paints and plasterers work?
 "Who preaches in the Baptist Church?
 "Who sells good overalls?
 "Where can I get an oyster stew,
 "Where buy imported rogs?
 "Who renovates the carpets? Who
 "Exterminates the bugs?
 "What car will take me to the zoo
 "And public library?
 "How can I find my friend, Carew,
 "I've traveled miles to see?
 "Now if you'll kindly put me wise,
 "And think me not a bore,
 "I shall esteem it very nice—
 "And ask you something more."

"Now listen, friend, you'll ask no more
 "Of me, a tired cop,
 "I'm busy, and my semaphore
 "Is set, you see, at 'STOP'
 "To find the facts you want to meet,
 "And every place and street,
 "Please look in the DIRECTORY—
 "You'll find it there, complete
 "That book's compiled with greatest care
 "For those who want to know;—
 "You'll find one in the drug store, there:
 "Now when I signal, GO."
